

"Wow! The EUA/ACA Handbook is just terrific.

The binder arrived last week and I am really impressed with this format.

I think the team that put this together did a great job.

The idea of adding updates every four months is just excellent. (...)

This is an important contribution to our field and I will be using it in my policy work, teaching and research."

Prof. Jane Knight, University of Toronto

Internationalisation of European Higher Education –

New handbook jointly edited by EUA and ACA

Approaching the issue of internationalisation from an institutional perspective, and specifically designed as a source of information and references, this new handbook will be a valuable tool for any higher education institution. The handbook is published as a loose-leaf edition consisting of a basic edition and regular supplements (hard copy plus CD-ROM), all collected in a ring folder.

A "must have"

for those involved in developing and implementing internationalisation strategies and measures, including university executives and international office managers. It will also be an invaluable source of references for a larger group of policy makers interested in the internationalisation issue in a wider European context.

The handbook focuses on

the practical and operational key issues of relevance to European higher education, placing them in the context of global developments and overarching policy processes. In addition, it will facilitate the discussion regarding the goals of internationalisation at the institutional level and their implementation.

The complementary website is supposed

to inform you about the contents, authors and editors of the handbook. Moreover, it will provide you, as a subscriber, with free access to an electronic version of the articles written in the handbook – among other things.

The authors

are leading practitioners and experts from the respective fields. For a complete list and more details, please click on the "Authors" button.

The work is jointly edited by

the [European University Association](#) and the [Academic Cooperation Association](#) with the support of an expert international advisory board. To find out more about the editorial team click on the "Editors" button.
